

THE FRATERNITY AND SORORITY POLITICAL ACTION COMMITTEE

SEPTEMBER 2005

The Nation's Largest Higher Education PAC and the Only PAC Focused on Improving Student Life in Higher Education

Dear Interfraternal Friend,
I am excited to share with you the news that a number of outstanding individuals nationwide have started the Fraternity & Sorority Political Action Committee (PAC). These men and women have all been leaders inside their own fraternal organizations and share a common passion for doing all they can to ensure fraternities continue to be a vibrant presence on college campuses. Many of these leaders have been actively involved in interfraternal efforts to engage Washington policymakers on a range of policy issues that influence fraternity life, such as: (1) reforming federal tax laws to encourage charitable contributions to sustain not-for-profit student housing, (2) improving student safety and housing, (3) fighting hazing and substance abuse on campus, (4) protecting a student's First Amendment right to join a fraternal organization on campus, and (5) educating Congress and the executive branch about the key role fraternities and sororities play in developing future generations of American leaders.

Fraternity membership can play a key role in developing college students into outstanding leaders for America's future and is an outstanding vehicle for committed alumni members to help others achieve their dreams. We benefited from our own memberships in these organizations and we continue to work to see that future students have similar opportunities to use fraternity life to become better citizens, students and leaders on our campuses and in our communities.

These efforts led us to the conclusion that we need to work together to support federal candidates who recognize the value of fraternity life and will support a policy agenda that improves the experience we offer to our student members. Thus, the creation of Fraternity and Sorority PAC in March 2005. The PAC's primary goal is to support the approximately 160 men and women who are fraternity and sorority alumni

in the United States House and Senate who help preserve and improve the fraternal experience. In addition, the PAC will be supporting other members of the House and Senate who support policy objectives that preserve and improve the fraternal experience.

The PAC's goal is to raise \$500,000 for this election cycle (2005-06), with most of that money coming in before July 1, 2006. To date, we have raised more than \$165,000 in our first six months, which is more than one-third of our goal for the entire two-year cycle. We are already the largest higher education-focused PAC in existence. To give you a sense of our early success, the PAC is already bigger than the PACs for such well-known entities as Yahoo, Amazon, Tyson Foods, and the American Society of Association Executives.

The PAC's success comes from a strong group of leaders who serve on our Board of Directors and the Finance Committee. I can't say enough about the great work these people are doing for the Greek world by taking a leadership role in the formation of

the PAC. The Finance Committee includes members from more than 25 different fraternities and sororities, each of whom is trying to raise money for the PAC from their own members. We are continuing to recruit outstanding leaders to join the PAC's Finance Committee and hope to have as many different organizations as possible represented in our leadership. If you don't see one of your fraternity brothers or sorority sisters listed on the Finance Committee, let's work together to get your members involved in our efforts.

The PAC will send out a donor newsletter twice a year to keep you updated on a list of upcoming fundraising events nationwide, the slate of candidates we are contributing to, and other pertinent information about our work. This introductory newsletter is designed to give you a sense of what

we have started and who is involved in our early efforts.

Our PAC is a collection of Greeks nationwide who want to give us a powerful voice in Washington so that we can ensure a strong and vibrant fraternity world for tomorrow's student members. We are off to a great start but our success hinges on our ability to convince others to join us in this effort by becoming contributors to the PAC. Feel free to share this newsletter with your fraternity brothers or sorority sisters and ask them to join you in becoming a supporter of the Fraternity and Sorority PAC.

Sincerely,
Kevin O'Neill

PAC KICKOFF CELEBRATION, APRIL 2005

The Fraternity and Sorority PAC held a fundraiser on April 18 in Washington, D.C., to formally announce its formation, mission, and fundraising goals. The event was attended by more than 250 Greek student and alumni leaders from across the nation, as well as several special Congressional honorary event co-chairmen. All of the Congressional guests offered inspiring remarks about the importance of Greek life in shaping the values of future generations of American leaders. Senator **Mike Enzi** (R-WY/Sigma Chi) discussed the important role fraternities play in higher education and his own leadership experiences as an undergraduate. Congressman **Pete Sessions** (R-TX/Pi Kappa Alpha) and Congresswoman **Stephanie Tubbs Jones** (D-OH/Delta Sigma Theta) spoke with passion about their joint efforts as co-chairmen of the Congressional Fraternal Caucus in advancing federal legislation that helps preserve and sustain fraternity life. Congresswoman **Marsha Blackburn** (R-TN/Chi Omega) highlighted the important role Greek life has in developing women as outstanding leaders. More than 30 Greek undergraduate leaders from across the United States were on hand to participate in the event and learn more about the PAC's efforts to help improve their student experience.

TODAY'S FACT FOR YOU: The only organization that has a higher number of alumni in the House and Senate compared to Greek alumni is the Boy Scouts and Girl Scouts, which has 300+ alumni in federal elected office.

LEGISLATIVE ITEMS OF INTEREST TO THE GREEK WORLD

Fraternity and Sorority PAC is concerned with a number of issues. In each issue of the donor newsletter, we will try and update you on the status of one or two legislative items of interest to the Greek world.

Higher Education Reauthorization Act

Greeks are monitoring the pending reauthorization of the nation's federal higher education laws. We are working to ensure that the new package includes protections for college students to exercise their first amendment rights to join fraternal organizations.

College Fire Prevention Act (H.R. 128)

Greeks are working with Congresswoman Stephanie Tubbs Jones and a bipartisan group of 92 other sponsors in the House to pass this bill, which would provide federal matching grants for existing fraternity housing to install critical life safety equipment.

Collegiate Housing and Infrastructure Act of 2005

Greeks nationwide are trying to pass the Collegiate Housing and Infrastructure Act of 2005, which would essentially allow for charitable contributions made to fraternity and sorority educational foundations [501(c)(3) organizations] to be used to improve existing housing or build new fraternity housing. This important legislation will allow fraternities and sororities nationwide to improve the condition of their housing for student members, with a strong focus on increasing the safety measures available.

As of August 1, the House version of this bill, H.R. 1548, has 57 sponsors; the Senate version of the bill, S.713, has 12 sponsors. Sponsors in the House and Senate include:

Senator George Allen (R-VA)	Congressman Kenny Hulshof (R-MO/Farmhouse)
